

Christine Barker
IPM Sales & Service Specialist

History with Wil-Kil:

Christine joined Wil-Kil in 2014

Approach to Pest Control: My approach to pest control is to start with the science behind the issue. At the most basic level, all life needs three things to thrive: food, water and shelter. If you eliminate those, you eliminate the problem. I enjoy the challenge of investigating a pest issue and then applying my knowledge of pests to find the best solution.

Pest Control Certifications:

- 7.1 Structural Pest Control
- 7.2 Space & Commodity Fumigation
- 5.0 Aquatic Pest Control (Mosquito Control)

License Number: 312226-CA
