

## Scott Mayer

Technical Specialist

### History with Wil-Kil:

Scott joined Wil-Kil in 2012

**Approach to Pest Control:** I like to keep myself busy, which makes pest control a great fit for me. As Technical Specialist, I am always on the move. My approach to pest control is very much a customer-oriented approach. I do whatever it takes to get a job done and I am happy if I walk away from a job with a happy customer. This business requires a partnership between me and my clients and I feel very lucky to have great clients who get that.

### Pest Control Certifications:

- 7.1 Structural Pest Control
- 7.2 Space & Commodity Fumigation

License Number: 283265-CA
