**Approach to Pest Control:** There are a lot of different ideas out there about what pest control really is. To me, the most important thing I do in my job is take care of my clients. Yes, I protect their homes and businesses from pests. More importantly though, I communicate with my clients, walk them through whatever issues they are facing and how to best correct them.

### Pest Control Certifications:

- 1.3 Livestock & Poultry
- 3.0 Turf & Landscape
- 7.1 Structural Pest Control
- 7.3 Termite Control
