IPM Sales and Service Specialist

History with Wil-Kil:

Tony joined Wil-Kil in 2016

Approach to Pest Control: I start a service by talking to my customers to understand where trouble spots have been found. After inspecting those trouble spots, I work from the inside out and do a full inspection of the property to find pest points of entry or conditions that may support pests. Finally, I discuss the possible solutions with my customers to ensure I am meeting their needs. I like to help resolve a customer's pest issues quickly and efficiently.

Pest Control Certifications:
