

# SUPERIOR SERVICE, QUALITY PEST SOLUTIONS

## Trista Pirlot

IPM Sales and Service Specialist

### History with Wil-Kil:

Trista joined Wil-Kil in 2019

### Approach to Pest Control:

I approach pest control by being confident in what my experience and education in pest control has taught me as well as not being ashamed to ask for help when issues come at me that I am uncertain of. And with a big ol smile on my face! That's important.

I truly enjoy and am fascinated by all aspects of my career. My customers, management and co-workers are all so amazing and each day is different from the next. There is a sense of pride and accomplishment to each day's challenge and I would not trade that feeling for anything.

### Pest Control Certifications:

7.1 Structural Pest Control

3.0 Turf and Landscape
